Thank you Mr. Kiuchi!

TU-800MM is fantastic! It makes me crazy and now I can hardly difficult to listen to music without TU-800MM. It is the great product!

Frankly speaking Mr. Kiuchi, if I did not meet TU-800MM, I have already thrown away all LPs I have but I am lucky as I did not do that.

Now I am becoming very busy in listening to Analog and taking care of LPs I collected.

Again, thank you for your great product.
